

Peer Networks Programme - 2021

Who is the programme for?

- Peer Networks is designed for business leaders who want to grow and develop their organisations for future success.
- Leaders who are also prepared to help other leaders grow.

How does the programme work?

- Peer Networks is delivered through a series of confidential and high impact peer sessions, with each cohort led by a trained facilitator.
- The programme will provide each participant with 18 hours of facilitated peer group support plus a minimum of 3.5 hours of one-to-one support.
- All applicants will go through a selection panel where care is taken to curate the best fit for the programme and the Cohorts going forward.
- Once allocated to a Cohort, each participant will be required to commit to all of the confidential, facilitated peer sessions which will typically be between 2 – 3 hours in length with up to 11 people and organised over a 6 – 8 month period.
- All sessions will take place online either via ZOOM or MS Teams for the time being.
- The dates for the peer sessions will be agreed as a group at the inaugural session so as to fit in with everyone's busy work schedules.

What are the benefits to you as a Leader of attending?

- Businesses that seek external advice or undertake formal training are more likely to improve their overall performance, but many prefer to take advice from trusted sources, such as their peers, when presented with external challenges and opportunities.

By completing Peer Networks, you will:

- Overcome business challenges and recognise and act on new opportunities
- Build a trusted network of connections to support you now and in the future
- Improve your long-term personal and business performance
