Make a Difference

Through working with us, you'll have an opportunity to make a real positive impact in your local community.

Not only will you end up with a more productive workforce, but you'll also be helping to support people who are rebuilding their lives, often having been made unemployed through no fault of their own.

Research has shown that people who have been out of work for long periods of time are more productive and show more enthusiasm for work when they eventually return to the workplace.

We are a Disability Confident leader, which can benefit you. We can help you to improve how you attract, recruit and retain employees who have disabilities helping you become a Disability Confident employer.

Why work with us

Mark Stanley

FM Regional Manager Scotland, Oltec Group

"At the Waverley, we appreciate all the effort you put into helping us recruit and by doing this we are getting people with less fortunate circumstances back into work.

Without the service you supply us we would not be as successful as we are today."

Anna Doyle

Regional Operational Excellence, Haven

"I would like to say a huge thank you for the support that you have shown us by getting candidates to us for our open days. I'm really pleased to see that we are also recruiting some of your candidates."

Pamela Irwin

Cabin Crew Manager, Yotel Edinburgh

"Many thanks for your support in reviewing cabin crew CVs for Yotel Edinburgh. Since you made contact you have worked very closely with us in sourcing new recruits for our company. This has given me time to carry on with other pressing duties in the hotel and department whilst you sourced these candidates.

I would love to continue working with you and your company for any future recruitment requirements. You are both professional and prompt in response to our needs."
